

100 PICTURES AND MEMORIES OF LEARNING DISABILITY NURSING

To celebrate 100 years of Learning Disability Nursing in the United Kingdom we (Social History of Learning Disability (SHLD) and Learning Disability Nursing team at the Open University) are inviting you to submit pictures and memories you have of Learning Disability Nurses.

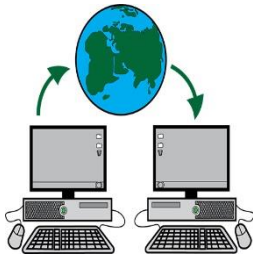

The pictures and memories could be about nurses who have supported you or a family member or they could be friends or families, or even be about you if you are a learning disability nurse.

We will be showing 100 pictures and memories on the Social History of Learning Disability (SHLD) website for all to see www.open.ac.uk/health-and-social-care/research/shld/

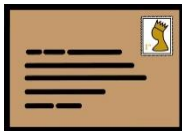

We need your consent to show other people your pictures and memories, so please send me a completed consent form when you send your pictures and memories to me.

You can download one from the Social History of Learning Disability website www.open.ac.uk/health-and-social-care/research/shld/news/ or I can send you a printed form via the post if you prefer.

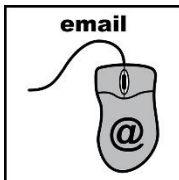

Please contact me if you would like to share your memories or send me your photos.

To: Jillian Pawlyn,

Lecturer in Nursing, Learning Disabilities.
