Parties & candidates:

Ind = Independente
 IPADE = Instituto Democrático para a Paz
 PE = Partido Ecologista
 PIMO = Partido Independent de Moçambique,
 PT = Partido Trabalhista
 Renamo = Renamo União Eleitoral
 UNAMO = União Nacional de Moçambique

Assembleia municipal

The number of seats (mandatos) is given. Where this has changed since the 20 August 2003 announcement, the original figure is shown in brackets as (August: 21). Inhambane and Nampula have been incorrectly calculated and the correct figures are also shown.

Nulos

This table summarises the treatment of spoiled ballot papers (nulos) and protested votes (reclamados, where a party disagrees with the assignment of a ballot paper during the count), all of which must be reconsidered by the CNE.

Nulos in city count = number of spoiled ballot papers (nulos) in the intermediate count (apuramento intermédio) done at the level of the municipality

as % of total = nulos as % of total votes in the intermediate (municipal level) count

CNE calls valid = nulos reclassified by CNE as valid votes

as % of nulos = nulos reclassified by CNE as % of all nulos

Reallocated to = nulos considered valid by CNE and allocated to candidates or parties below

Pr = Protested votes considered valid by CNE and allocated to candidates or parties below

Registration

This table gives the three different registration figures for each municipality

20 August = Total number of voters as published in the official statement of the CNE on 20 Agosto de 2003, which is approximately the number of people in the 1999 registration books plus new 2003 registrations.

99+03 books = total number of names in the 1999 and 2003 registration books, including people who are on the books twice because they received a new voters card

Posted CNE = numbers in the editais posted at the CNE on 9 December 2003.
